ALL PLANTS SHIPPED EXPRESS CHARGES COLLECT

May we suggest using Air Freight where possible. Our customers report very little damage in shipment, orders received in a few hours.

Please call your local Airline to see if they have a direct flight from Cleveland Hopkins Airport, and their rates.

50 pots 2½" size weight approx. 25-30 lbs. in plastic pots. 25 - 3½" pots approx. 30 lbs. Minimum airfreight charge is for 50 lbs. or \$6.00.

SHIPPING TERMS AND CONDITIONS

STOCK—Our 2 1/2" stock mainly for growing on, not necessarily in bloom, excepting Retailer Special. All stock averages two crowns per pot. 3 1/2" stock in bloom or heavy bud, suitable for immediate resale.

MINIMUM ORDER—Minimum order shall be 25 plants assorted 5 of a variety of one pot size. We cannot mix pot sizes in one carton on shipping orders. All orders in multiples of 25 pots in either size.

SHIPPING CHARGES—All quotations FOB Medina, Ohio. Airfreight forwarded from Cleveland.

TERMS—Cash with order please.

SUBSTITUTE VARIETIES—We will substitute with a like variety if out of variety ordered unless you specify no substitutes. This is to avoid delay in shipping.

CARRIAGE—All orders forwarded Railway Express or Airfreight, charges collect, insured at invoice value. We suggest airfreight especially in winter months if you are located near a city which has regularly scheduled air service. If you desire approximate airfreight rates please write us and we will forward information. Airfreight rates are based on a 50 pound minimum shipment with either a \$4.00 or \$6.00 minimum charge.

PACKING—Winter shipments forwarded in insulated cartons when necessary. This consists of a double carton with a one inch layer of insulating material in between them. Due to the high cost of this material we request that you place the insulation in the inner carton and return to us by US mail. We will refund your postage.

DAMAGE CLAIMS—In event of damage in transit, freezing or otherwise including unnecessary delay, file a claim with the carrier at once, and mail us a duplicate of the joint inspection form. Frost Damage may take two or three days to appear, if evident, notify carrier and follow normal claim procedure. Winter shipments made when weather permits, please make allowance for this. Orders will be acknowledged when delay necessary. Every precaution will be taken to insure safe delivery.

To our customer:

For the past 15 years we have devoted full time to the development of new and true varieties of African Violets for the Wholesale and Retail trade. It is our aim to produce varieties for both that will perform as well for the purchaser in the home as it will in our ideal greenhouse conditions. Our hybridization program is a continuous quest for the varieties that will attract and please your customers. Our varieties are proven through four generations to make sure they will reproduce true, before they are released to the trade. We are now in the process of producing an innovation in foliage that will be both attractive and will be of the texture that can be shipped and handled without breakage. These varieties are now on our test benches and will be released in the not too distant future. The foliage is beautiful and there are all types of blooms both singles and doubles, and all colors. The supreme or Amazon varieties of this foliage is very pliable and soft, with enormous blooms in abundance on good strong stems.

It has been our privilege to have won the Indiana State Bronze plaque, which is a National annual award given to the breeder of the variety winning the Queen of the Show. This award was won by us three out of the four years it has been in existence. Many of our varieties are also among the Top 100 list as provided by the African Violet Society of America Inc. Our varieties also predominate in the National Court of Honor. This is possible only, because of the fact the home grower is able to grow beautiful show plants from our varieties.
